**BALIR** (Belgian Association for LGBTQI+ International protection-seekers and Refugees)

We have all experienced escaping our home countries arriving in Europe. We have suffered from the difficulties of having to adapt to a stranger country. We also were confronted with LGBTQI+phobic environment in the refugee centres being under the pressure of loneliness and isolation as well.

It is time to join hands and try together for a significant change. We are pleased to inform you that an association for migrant LGBTQI+ people in Belgium was established. The objectives are supporting each other, try to improve our life quality and fight against problems and discriminations. The association's main mission is to support LGBTQI+ people in their asylum procedure and integration process in Belgium.
